**Commissioner for Patents**

The reply filed on June 30, 2009 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants' response fails to address several issues set forth within the Office action of March 31, 2009. Firstly, applicants' response does not address the "use temperature" of claim 11, as rejected under 35 USC 112, first and second paragraphs within paragraphs 1 and 3 of the Office action. Secondly, applicants' response does not address to what extent the claimed loss factor is dependent on temperature, as set forth within paragraph 1 of the Office action. Thirdly, the use of "type" within claims 14 and 20, as set forth within paragraph 3 of the Office action, has not been fully addressed. Fourthly, applicants' response does not address the upper end of the NCO value range of claim 8 exceeding the range set forth within claim 7, as set forth within paragraph 3 of the Office action. Fifthly, applicants' response does not address how the components of claims 8 and 9 are to be reconciled in view of the language or components of claim 7, as set forth within paragraph 3 of the Office action. Lastly, applicants have not addressed the improper reference to two different claims within claim 19, as set forth within paragraph 3 of the Office action. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
